

### **INTEGRATED BASIC EDUCATION DEPARTMENT DEPARTMENT GOALS**

In keeping with the institutional goals, San Beda College Alabang Grade School aims to develop a pupil who is a truly Catholic Christian Filipino imbued with Benedictine ideals, and intellectually, socially, and morally prepared for high school. A Grade School graduate is therefore expected to be:

1. A Catholic Christian who:
  - answers questions on the basis of his Faith within his level of understanding;
  - recites the common prayers correctly and devotedly;
  - takes part reverently in liturgical services;
  - participates in Mass on Sundays and holidays of obligation and receives Holy Communion and other sacraments;
  - shares his time, talent, and money with others;
  - accepts his faults, asks forgiveness from, and makes amends to people he has offended;
  - treats others equally well regardless of their color, beliefs, or social standing;
  - uses clean and wholesome speech;
  - respects and values his property and that of others; and radiates Christ in all aspects of his being.
  
- A Benedictine who:
  - is well-mannered, refined in language and in behavior;
  - works willingly and peacefully with others and loves learning & working;
  - maintains silence whenever necessary;
  - contributes to the building of community;
  - accepts success with humility and failure with optimism;
  - talks proudly about his school, its system, and the Benedictine history;
  - seeks perfection in everything he does for the glory of God; and lives a life of prayer
  
- A Filipino who:
  - possesses adequate self-confidence and self-respect;
  - practices sound Filipino values;
  - stands at attention and sings the national anthem properly whenever the Philippine flag is raised;

- recites the Pledge of Allegiance or "Panunumpa sa Watawat" with the understanding that each line is meant to be lived by Filipinos like him;
- asks and writes Filipino with pride;
- relates historical events, national symbols, and heroes of his country to his own life;
- participates actively in discussions concerning current issues within his level of understanding;
- keeps abreast with current scientific and technological changes, discoveries, and inventions;
- takes part in projects and activities geared toward community and national development;
- exercises his freedom with responsibility.
