

IBED HIGH SCHOOL DEPARTMENT

SCHOLARSHIPS

Scholarships

1. SBCA grants four-year tuition scholarships to incoming freshmen who graduated first honors, or received the highest academic award in a grade school with a total population of at least 200 graduates. This is dependent on the condition that grantees must pass the entrance examination for First Year and maintain at least second honors throughout their stay at SBCA High School Department.

2. Highest Scholastic Achievement Scholarships. This is a tuition scholarship awarded to the three students who received the three highest general academic average in each year level.

NOTE: In case a student qualifies for two or more scholarships, only the scholarship with the higher degree applies.
